GERMAN REPLY TO BE MADE MAY 14 IS BERLIN REPORT

President Wilson Expects No Reply For About a Week.

FOR ENVOYS IN VERSAILLES
WORK LATE ON PROPOSALS

Austrian Delegates Are Expected Next Wednesday at Paris.

ASSOCIATED PRESS TELEGRAM.
Berlin, Friday, May 9, via Copenhagen.—Germany's reply to the terms of peace presented at Versailles on Wednesday will be a proposal "for a peace of right on the basis of a lasting peace of the nations," according to a proclamation to the German people issued here today by President Ebert.

ASSOCIATED PRESS TELEGRAM.
Paris, May 10.—President Wilson expressed the belief today that nothing would be heard from the German plenipotentiaries for about a week. Neither he nor the other members of the American delegation have heard anything regarding the published report that the German delegates were preparing to depart from Versailles.

The German delegation spent nearly the whole night in preparing counter proposals, the clicking of typewriters in their offices not ceasing until 4 o'clock this morning. No communications have as yet been sent to the chiefs of the allied missions.

The German peace plenipotentiaries are at perfect liberty to return to Berlin and consult their government if they desire to do so, it is reported in conference circles. Such a move, if made, would not mean the breaking off of the negotiations.

The Austrian peace delegates will leave Vienna on Monday and reach Paris probably Wednesday, the French foreign office was advised today. Previous advice had indicated that the Austrian delegation was expected to reach Paris Monday.

KICK ON BONUS TO U. S. OFFICERS

St. Louis Convention Votes To Ask Congress For Extra Bonus For Enlisted Men.

ASSOCIATED PRESS TELEGRAM.
St. Louis, May 10.—The American Legion today opened the final sessions of its three-day caucus with practically all of its proposed constructive measures still to be acted on by the delegates.

Before the caucus today were half a dozen or more resolutions all designed to aid the men who served in the military or naval service of the government during the war. Foremost among these were resolutions for increasing employment and of obtaining a bonus of six months pay for each enlisted man discharged from service who has served six months or more during the war.

The original resolution on the bonus subject included officers, but the resolutions committee decided that only enlisted men made a great financial sacrifice, and changed the resolution to apply only to enlisted men. The employment resolution called on congress to give federal aid to any movement, whether of municipal, state or national character, which will increase opportunities for employment.

The convention yesterday was thrown almost into a riot by a speech of Colonel J. F. J. Herbert of Massachusetts, who, when Chicago was chosen as the scene of the next convention, declared the soldiers and sailors could not go to Chicago until "it secured an American for mayor."

The soldiers' sailors' club was located on the ground that some of its members were members of the I. W. W. and "Bolsheviks in character."

Minneapolis finally was chosen for the next convention. Private D. C. Calhoun, of Birmingham, Conn., a Marine, was elected third vice chairman of the Legion.

Efforts by some delegates, mostly from eastern states, to give the caucus an opportunity to vote on a resolution disapproving the war time prohibition measure and on another demanding that national guard and regular army men be placed on an equal footing failed yesterday.

A special committee at a special meeting killed the prohibition resolution and laid aside the one relating to the National Guard.

HALF OF A. E. F. DEPARTS FROM FRANCE

ASSOCIATED PRESS TELEGRAM.
Paris, Friday, May 9.—Half of the American expeditionary force is either back in America or is on the way there according to the Stars and Stripes, the official publication of the American army in France.

"It is certain that with over 300,000 men in the United States and a million still in Europe on May 1 the half way milestone was reached today," the newspaper says.

A NEW FACTORY POSSIBLE FOR NEWARK

The Chamber of Commerce has, by prompt action, an opportunity to secure for Newark a manufacturing enterprise with a present payroll of \$250,000 per annum, which is seeking a new location in order to double its present capacity.

They are now employing 250 men and business already secured demands the employment of 700 and greatly increased factory facilities which their present location will not permit.

In order that this company can promptly fill the orders already on its books a decision in this matter must be reached by Monday evening, May 12. Therefore the Chamber of Commerce wishes all interested citizens to attend a mass meeting for that purpose to be held in the Convention Room of the Court House Monday evening, May 12, at 8 o'clock.

The Chamber of Commerce cannot secure this factory without co-operation and support of Newark citizens and therefore the attendance and interest manifested at this meeting will be taken as evidence of their desire for Newark's industrial development.

The directors of the Chamber of Commerce after investigation feel that this is one of the best opportunities offered Newark in recent years. However, these directors single handed cannot bring this factory to Newark. Therefore the co-operation and support of every citizen of Newark is necessary.

This means that YOU must attend this meeting Monday night if Newark is to be successful.

Remember if you stay from this meeting Newark may fail to secure this industry. It is your responsibility.

THE NEWARK CHAMBER OF COMMERCE.

REPS. WILL FIGHT TAX OPPOSITION

Will Resist to Last Ditch, They Declare, Any Effort to Invoke Referendum on Relief Bill.

ASSOCIATED PRESS TELEGRAM.
Columbus, May 10.—Any efforts by the democrats to invoke a referendum on the cities and school districts financial relief measure, providing it is again passed over the governor's veto, will be fought to the last ditch, Republican leaders say. The bill is finally passed by both houses, yesterday, provides for elections to issue bonds and vote special tax levies outside the limitations of the Smith one per cent law on Nov. 4.

Republican leaders expect to make their fight against a referendum on the ground that the bill is not subject to a referendum under the constitution. If a referendum is filed on it with the secretary of the state, court proceedings will be instituted, it was said to knock out the bill being a law providing for tax levies is not subject to referendum. They will say it was not necessary for the emergency clause to pass to forestall a referendum, which they rely to prevent a referendum.

"Laws providing for tax levies, appropriations for current expenses of the state government and state institutions for the immediate preservation of the public peace, health and safety shall go into immediate effect," Democrats contend that the claims of the republicans are without foundation in fact as the bill is not one "providing for tax levies" in the sense intended by the constitution.

Representative Matthews of Scioto county cast the only vote in the house against the general appropriation bill which carries \$48,076,272 for the next two years. He objected to an appropriation for beautifying the grounds of the proposed governor's mansion. The bill is expected to pass the senate today with a number of amendments, necessitating its going to a conference committee and delaying final passage until after the recess. The bill carries almost \$40,000,000 more than the bill of two years ago. It is expected both houses will recess tonight until May 24.

RELEASE 1200 MEN AT CAMP SHERMAN

ASSOCIATED PRESS TELEGRAM.
Camp Sherman, Chillicothe, May 10.—In the largest discharge movement of the war, 1,191 soldiers were released at noon today and sent to their homes. More than 800 were from the depot brigade, the remainder coming from miscellaneous camp organizations.

Of those discharged today 36 were from Cincinnati 12 from Cleveland 11 Columbus 11 Canton 12 from Akron 12 Dayton 28 Toledo 12 Springfield 12 Uniontown 12 Marion 12 Lima 12 Cambridge 12 Ellettsville 12 Hamilton.

General Blitchford is expected to arrive from Panama to take command of the depot brigade at Camp Sherman today.

FAVORS TRANSFER OF HUN STEAMERS

ASSOCIATED PRESS TELEGRAM.
Buenos Aires, Friday, May 9.—The Argentine government has no objection to the transfer of interned German steamers here to United States control, according to a letter written to Fredrick J. Stimson, United States minister, by Honorable Partridge, foreign minister today.

DESTROYER FROM FRISCO WINS VICTORY LOAN RACE

ASSOCIATED PRESS TELEGRAM.
Washington, May 10.—The destroyer Callaghan, the navy victory ship which is recording subscriptions to the Victory Loan by the progress of her voyage from the Pacific coast to New York, anchored off Sandy Hook at noon today. The vessel was awaiting announcement that the loan had been fully subscribed before putting into harbor.

NEW VEGETABLES ARE REASONABLE

Farm Products However Remain Firm, Chickens, Eggs and Butter Holding Up.

The markets were well stocked this morning with green vegetables. There were quantities of onions, radishes, new beets, string beans, cabbage, new carrots, celery, cucumbers, green peas, kale, spinach, lettuce, rhubarb, tomatoes and mushrooms.

Shipped asparagus was selling 10 and 15 a bunch, two for 25c, and home grown at 2 to 3 a bunch. New potatoes were selling 10c pound, three for 25c, and in a few stands at eight cents a pound. Water cress was five cents a large measure.

First Tennessee strawberries appeared this morning and went at 37c a quart. Nice berries could also be had at 30 cents.

Dressed chickens were selling at \$1.15, \$1.20, \$1.25, \$2.00, \$2.25 and \$2.50.

Fresh eggs were 43, 44 and 45 cents and butter 24, 25 and 26 cents.

AUSTRIAN NAVY IS EXTINGUISHED BY TERMS OF TREATY

Only Danube Craft are Left To the Former Dual Monarchy.

ITALY SHOWS INTEREST IN ALLOTMENT OF BIG SHIPS

Jugo-Slavs Also Want Part of War Fleet For New Navy.

ASSOCIATED PRESS TELEGRAM.
Paris, May 10.—The naval terms of the treaty between the allies and Austria are now completed and are far more stringent than the naval terms in the treaty with Germany. The Austrian navy is completely extinguished. All the large ships are to be surrendered to the allied and associated powers and no nucleus of the fleet will remain.

The only craft of any kind which the terms give to Austria are those for use on the Danube, but these will not be available until the river is made navigable. The terms are restricted to the surrender of the Austrian battle cruisers, destroyers and other ships without providing compensation to be made of them, which will be subsequently adjusted between the allies and the associated powers. As the fleet operated in the Adriatic chiefly against the Italian navy, the Italians are showing great interest in the allotment of the ships being left to the allied control.

Jugo-Slav authorities are also showing an insistent desire to be represented when the disposition of the Austrian fleet is decided upon. The American delegation has received a visit from a Jugo-Slav official holding the title of "Admiral of the Jugo-Slav fleet."

He said that most of the crews on the Austrian warships were Jugo-Slavic and that these crews had surrendered the ships to the allies with the expectation that they would be allotted to the Jugo-Slavs. He was advised that the new state should not seek naval development as its interests are largely inland in Poland.

MAY ADOPT SOAR PLAN FOR CONTROL OF FIUME

ASSOCIATED PRESS TELEGRAM.
Paris, Friday, May 10.—It is understood that the Council of Four is continuing its study of the Fiume question with a view to the future status of the Saar region.

The Saar region, according to the terms of the treaty of peace presented to the Germans will be governed by a commission consisting of five members appointed by the League of Nations. One will be French, one a native inhabitant of the Saar region and three representing three different countries other than France and Germany. After fifteen years a plebiscite will be held to ascertain the desires of the population as to continuance of the existing regime under the League of Nations, Union of the section with France or return to German sovereignty.

VICTORY LOAN NOW TOTALS 31-2 BILLIONS

ASSOCIATED PRESS TELEGRAM.
Washington, May 10.—Official subscriptions to the Victory Liberty Loan shortly before noon today approximate \$3,500,000,000. A statement made by the treasury said:

"Reports of unofficial subscriptions indicate that the country's total was greatly above the official showing."

AHA! EASTERN TIME PACE TOO FAST FOR PROVINCIAL TOWN OF ZANESVILLE

What's the matter, Zanesville? Did the association with New York, Philadelphia, Cleveland, Pittsburgh, and all the other big cities prove too strenuous?

But a few days ago, when Newark was steeped in a controversy as to the advisability of adopting both Eastern and daylight saving time, making a move forward of two hours necessary, a Zanesville newspaper became a bit sarcastic, asking Newark in pertinent terms if she desired to move at a slower pace with the middle western cities, instead of tripping along lively with

SOLDIERS' DINNER AT PYTHIAN HALL

Committee Decides to Engage Church Organization to Serve Menu Prepared by Committee.

Two committees of the welcome home organization met last night to talk over details for the big welcome home celebration for soldiers to be held July 4. The day is going to be turned over to the returned men, and everything will be done to demonstrate to them that Newark is glad to have them home and as proud of them.

The refreshment committee decided to give a banquet in the Knights of Pythias hall, the largest hall in the city. The name of Mrs. Guy Billingsley was added to the committee and the women of the Ladies Aid society of the First Methodist church will serve the dinner. The menu has not been arranged.

The committee on parade and decorations met, and the names of Arthur Willett, James R. Cooper, Guy Weigand and Mrs. E. E. Moore were added. There will be a big parade on the morning of the Fourth and all the fraternal, labor and civic organizations are asked to participate. A. Schiff is chairman of the committee and a meeting of the entire committee will be held again Monday evening at 7:30 o'clock at the mayor's office.

Radicals among the locked out employees have called a mass meeting of opposite the city prison. Labor union officials advise the men not to attend, declaring the meeting had been called by Bolsheviks and Industrial Workers of the World.

The strike of 800 men at the plant of the Ford Motor Glass company, continued with no solution in prospect, the company having reiterated its refusal to agree to 10 cents more an hour and eight hours a day instead of 12.

Approximately 15,000 workers are still idle in Toledo.

303,000 BROUGHT HOME IN APRIL

War Department Hopes to Exceed Estimate of 310,000 Monthly During Summer.

ASSOCIATED PRESS TELEGRAM.
Washington, May 10.—Demobilization of the war army has passed the two million mark, General March, chief of staff announced today and the number of troops returned from France now exceeds one million.

Official estimates of the general staff show that a continuation of the present rate of transporting troops from France will result in the reduction by August 1 of the American forces in France and Germany to 225,924 officers and men, including combat and service of supply troops, marine detachments and the navy personnel attached to the army.

The movement from France during the month of April totaled 303,175. General March said that the acceleration of the original schedule had proceeded to the point where it seems certain that the official estimate of 310,000 per month will be reached and exceeded.

As an example of the degree to which the return of troops has been expedited General March said that the 10th (Texas) Oklahoma division, which was scheduled to sail about the second week in June, would embark this month.

DELA KUN ASKS FOR PROTECTION OF YANKS

ASSOCIATED PRESS TELEGRAM.
Vienna, Wednesday, May 7.—The soviet government at Budapest is panic stricken owing to the narrowing circle of the lines of the Hungarians and Czech-Slovaks and counter-revolutionary uprising in western Hungary Bela Kun, the leader of the soviet, has visited Prof. Philip Brown, American peace representative in Hungary, and asked if the Americans could guarantee the safety of himself, his family and their child. It is understood the request is being favorably considered.

Professor Brown has gone to Belgrade for a short sojourn.

ALLIANCE WITH FRANCE DEPENDS ON SENATE

Paris, May 9.—It is stated in authoritative circles that President Wilson has announced that the agreement for the defense of France by America will be submitted to the United States senate merely in the transmission of his letter to President Clemenceau agreeing to submit the subject to the senate and will not make a treaty carrying out the agreement. No treaty has as yet been drafted and such action will await the decision of the senate for or against the proposal.

ENGLAND HOLDS SUSSEX MURDERER

London, Friday, May 9.—The submarine commander who is confined to the tower of London, after being brought to this city from Spain, is said to be Francis Kasevich and it is believed that he was in command of the U-boat which torpedoed the British channel steamer Sussex on March 24, 1916. There were 26 American passengers on board the boat at the time.

GERMANY TO ASK PEACE OF RIGHT EBERT DECLARES

German Assembly Is Called For Monday to Act On Terms.

DECLARES ALLIED TREATY IS NOT AT ALL DESIRABLE

Enters Protest Against Document Presented at Versailles Wednesday.

ASSOCIATED PRESS TELEGRAM.
Germany, protesting that the terms of peace made known at Versailles on Wednesday are "undesirable" and "impracticable," will make a counter proposal for a "peace of right on the basis of a lasting peace of the nations," says a proclamation to the German people, issued on Friday at Berlin by President Ebert.

The German national assembly has been called to meet in Berlin on Monday of next week and it is probable that at that time formal consideration of the peace terms will begin.

Advices from Paris indicate that a definite settlement of the question raised by Italy and Jugo-Slavia over disposition of Fiume has not been reached. It is said that the plan adopted for the government of the Sarre region, still under fifteen years prior to a plebiscite will be administered by a commission under the auspices of the League of Nations, is being considered by the Council of Four in the case of Fiume.

In the case of Fiume, German-Austria will be one of the delegates from that nation to go to France to receive the treaty between the allies and his country. In an address Thursday he indicated his intention to accept the terms of the treaty of peace if they do not receive from the Council of Three a written engagement that Japan will restore the Shantung peninsula and Hainan Chan to China.

Dispatches from Paris that President Wilson, in submitting to the United States senate the proposed understanding with France by which this country would send troops to France if that country is attacked by Germany, merely transmit the letter he wrote to Premier Clemenceau on the subject. Whether a treaty is ultimately framed will depend upon the senate.

TEUTONIC ALLIANCE CRUSHED BY TREATY

ASSOCIATED PRESS TELEGRAM.
Paris, Friday, May 9.—The portion of the German treaty which has not as yet been made public contains a provision which would require ratification from Germany shall be inalienable unless approved by the Council of the League of Nations. The use of the word "inalienable" is for the purpose of setting the question of ratification for the present but for a long period.

SEAPLANE MAKES 80 MILES AN HOUR

One U. S. Machine Returns With Propeller Trouble and Makes New Start.

Halifax, May 10.—The American naval hydroplanes NC-1 and NC-3 started at 9 o'clock this morning on their way to Trepassy, N. F., when they will attempt a trans-oceanic flight.

While flying conditions prevailing, the NC-3, in command of Commander John H. Towers, chief of the expedition took a turn up the harbor and then headed for the sea. The NC-1, then directly down the harbor, took the air a few seconds in the wake of the flagship.

The NC-3, forced by propeller trouble to return here after cruising thirty miles on the flight to Trepassy, N. F., made a fresh start at 1:35 p.m.

Ship Harbor, N. S., May 10.—Spending more than a mile a minute, the NC-3 of the American hydroplanes passed the harbor, 50 miles from Halifax, at 4:30 a.m. The second plane was not seen.

Austria Lake, N. S., May 10.—The leading American naval plane, flying at a great height, passed this town 50 miles from Halifax at 2:30 a.m.

Lancaster, N. S., May 10.—The American naval plane NC-1, flying at a great height, passed this town 100 miles east of Halifax at 10:42 a.m. The NC-3 was not in sight.

Union Bay, N. S., May 10.—The American naval plane NC-1 passed this point at 10:55 a.m., having flown 100 miles in 104 minutes.

Louisburg, N. S., May 10.—American naval plane NC-1, having flown 170 miles in 152 minutes, passed this town at 11:40 a.m.

NAVAL RESERVE FORCE IS ASSIGNED TO DUTY

London, May 10.—Thirty-two per cent of the enlisted men of the naval reserve force and the entire enlisted personnel of the regular navy are to be assigned to duty at sea, according to orders received from Washington at the navy yard today. It is understood that the purpose is to obtain men for anti-submarine work.

"Pants Won The War; Therefore Wear Pants"

Thus did the "new" women of Fremont, Pennsylvania, slip a cog in their logic.

When they donned pants, leaped into the saddle, and galloped off into politics, they failed to reckon with a mere man.

Let other men knit and tend babies, but not Abe Jones! Back from France a hero, Abe found his town in the grip of a female political ring and his job in the hands of a trousered woman. Then he declared another war!

Here is a big, brilliant, timely picture that cuts deep into one of the gravest problems of our day—the problem of woman's place in the new world of reconstruction. What is her place there? Don't be sure you know until you see "Oh, You Women!"

"The Shepherd of the Hills."
A particular and sentimental interest to Americans centers about the novel of "The Shepherd of the Hills," a picture of which is now being shown in this city at the Auditorium. A story made typically American could not be written. The scenes are laid in the Ozark Mountains, a part of the United States which may be said to have been discovered by Harold Bell Wright, as it is a region little known to the average person beyond those in that immediate vicinity, before the advent of the "Shepherd of the Hills." It has since been a national vacation ground, visited by thousands of tourists every year. The picturesque and sturdy mountaineers are faithfully portrayed and the scenic background is lavishly displayed in nature's beauties in Southwestern Missouri. The dramatic possibilities of the book lend themselves admirably as well, especially the element of mystery which pervades the whole story and which is so startlingly cleared up at the end of the play. Large crowds have wended their way to the Auditorium so far and no doubt the two screenings this evening at 7 and 9 will draw capacity crowds.

Sunday's Program.
The Auditorium tomorrow has a specially arranged movie program headed by that clever Western actor, Harry Carey, who is seen in the Universal Special, "Bare Fists." The story: Cheyenne Harry has killed the assassin of his father, the marshal, and

though his mother keenly felt the tragedy she made him promise to give up his gun and depend upon his bare fists whenever he became involved in a fight. But the West is the West and bad men carry weapons of death to accomplish their villainous Lopez and Malone. Traps are set, the cattle rustlers are hot on the trail of Harry's herd, and succeed in branding some of the stock before they were caught. As Harry kept his promise to go unarmed, the villains have no trouble in carrying out the bloody business. But an occasion arises when the cowboy punishes them with his fists, which enlisted their hatred to a greater extent. Conchita, a Spanish girl, aroused their enmity also since she responded to Harry.

Pathe News and a March-Sennett comedy make up the program.

"Oh, You Women!"
It may have been fine for the women of the country to take the positions of the men when they served in the great War and helped make the world safe to live in, but it is all wrong for them to keep the positions when their heroes come back home.

So firmly did they believe in those principles that they made a photograph based on that theme which has been released by Famous Players-Lasky Corporation as one of their special Paramount productions, under the title, "Oh, You Women," which will be shown at the Auditorium theatre Monday, Tuesday and Wednesday next. Ernest Truax, the celebrated and Louise Huff are the principals of the cast.

"The Foolish Age."
The love affairs of a blacksmith and his helper are the theme of a new Paramount-Mack Sennett comedy, "The Foolish Age," which will be shown at the Auditorium theatre Sunday. Chester Conklin plays the role of a blacksmith, who, when a fascinating young lady rescues him from a red-hot horseshoe, forgets all about his beloved Louise Fazenda, who keeps the general store, and turns his attentions to the new beauty. But there is strong argument in Louise's favor which Chester had thus far overlooked. She had a bank book

"Johnny on the Spot."

The Alhambra tomorrow has a very good program headed by Hyle Hamilton who is seen in the Metro feature, "Johnny On the Spot." The story: Johnny Rutledge was smilingly staving big to death. He had money coming to him on the stipulation that within a year he make \$2,000 by his own efforts. He set to work on the proposition by writing an extensive volume entitled "Taking it Easy or Everything Comes to Him With a Bang."

The name of Mrs. Webster, proprietor of the boarding house that fed Johnny in the meanwhile, bothered him not a bit. But it did Anne Travers, in the room across the hall. She, affected also with her aspirations, was very discouraged and disconsolate.

William is wounded, but Dorothy utilizes her drill knowledge by warring away for help from the window. As she comes, the spies are captured and Dorothy, the heroine of the hour, is still further rewarded by finding that her sweetheart really loves her and not her sister, as she imagined.

This feature is seen two days, together with a clever comedy on Monday.

Pitfalls of a Big City.
Gladys Brockwell, the William Fox star, in the role of an honest crook, will appear at the Alhambra theatre Wednesday. The picture is "Pitfalls of a Big City," which is described as an intense and powerful drama of the underworld.

The scenes have been taken with great care, and many of the crooked alleys and dingy streets which appear on the screen are said to have witnessed real crimes.

GRAND.

Sunday and Monday.

There's a real whiff of the pineclad mountains in "The Girl of My Dreams," the five-part comedy drama starring the clever young comedienne, Billie Rhodes, the simple story with its beautiful setting giving Miss Rhodes one of the best opportunities she has ever had in pictures.

The play was produced by the National Film Corporation of America from the story by Wilbur Nesbit for affiliated release. It reveals Miss Rhodes as the charming simple child of nature, surprised at her bath in a rock-ribbed mountain pool by one of "them city fellows" and photographed.

"The Weed," as she is called, knows nothing about photography and is not aware that her charms have been registered for Monday and Tuesday.

The Alhambra for Monday and Tuesday will have Vivian Martin in "Her Country First," a production of Famous Players-Lasky.

TAKING SODA FOUNTAIN.

One of the most popular of American customs began to feel the heavy hand of war burdens when soda drinks and ice cream were made taxable. The soda and ice cream trade is going to boom tremendously under prohibition, and the tax on this little luxury will aggregate a sum that will surprise most people.

The frugal and petulant old timers, who thoughtfully considered pennies, would find much fault with the buzzing bunch that fills modern soda and ice cream joints. It would seem to them that too large a share of national wealth and individual earnings was being spent on this love of sweetness.

It could not be defined as an ideal expenditure of money. If well invested, the receipts of this trade would build a great many railroads and factories and add to the permanent resources of the country. It will do no harm if some persistent consumers of these sweets consider the effect, and whether they might not be able to survive with less.

However, the money could be expended in ways so much more foolish and wrong that few people will quarrel with it. It will be a harmless outlet to the craving that has driven hosts of men to the saloons.

It is interesting to note how the crowd around the fountains is largely of quite young people. Youth must crave sweets more than age. As people go along in life, they usually spend more freely, and indulge their whims more generously. But the intense craving for sweets seems to fall as one grows older, and the soda fountain is largely left to the young bunch. Perhaps the hackneyed phrase of "sweet to the sweet" would fit the case.

Some people have always complained that there was nothing doing in Newark but mightily few of these knowers are to be found among those who have put over the Victory loan and the other war drives.

Some men will never make any effort to own their own homes as wherever they are they find the chances are much better somewhere else.

NEED THIS SPRING

Of a Good Tonic Medicine. Serravallo's Tonic and Blood Purifier is greater than ever before. The nervous strain, worry and anxiety caused by the war. The debilitating effects of the terrible influenza, grip and pneumonia. The depletion of the blood in indolence in winter. Have tremendously overdone the reserve strength of nearly every man and woman. This makes the favorite Spring medicine, Serravallo's Tonic, more of a necessity than ever before. For your impaired, exhausted blood and for that extreme tired feeling sure to come, prepare yourself now. Today begin to recover your lost strength by taking Serravallo's Tonic, the standard spring tonic and blood purifier, which creates a keen appetite, aids digestion and assimilation. Remember Serravallo's Tonic if you need a mild laxative.—Advt.

EFFICIENCY OF ADVERTISING.

If in a town where the merchants had never advertised much, they should form the practice of using publicity, what changes would take place?
On a non-advertising basis, if store buyers did find some special lot having exceptional worth for the money, they would not be able to attract public attention to it, and it might take them a long time to work it off.

On an advertising basis, if a store buyer had a chance to pick up a large lot at a reduced price, he would have confidence to go ahead. He could buy very largely in excess of the usual demand, depending upon advertising to bring in a lot of customers who would buy in advance of actual needs.

The first result of advertising, then, is to make it possible for merchants to do business in a bigger way, to buy in larger lots at lower prices, to take advantage of special opportunities and give their customers the benefit.

TEACHERLESS SCHOOLS.

It was recently predicted that the schools of this country will soon be short 50,000 teachers, and 500,000 children will be without instruction, unless more young women are induced to take up this work. It is felt by all educators that the schools will not be on a normal basis, until teachers receive salary advances equal to changes in cost of living.

While the taxpayers are groaning and getting ready to meet this situation, it should be possible to fill the gap, by employing married women who formerly taught school. They will not have the latest educational methods. But they will know more of life than the young teacher and will have had more experience with children.

Millions of women have had this useful experience. With this reserve available, no school ought to be closed a day for lack of instruction. Every town should be able to form in this way a list of competent substitutes ready for emergency calls.

BIRD LAWS NEEDED.

The absolute necessity of protecting bird life is now understood by farmers and all others interested in preserving bird food crops from the insect pests. It is encouraging to note that the United States Biographical Survey has issued a statement reporting that bird life seems to be increasing.

The migratory bird law passed by Congress in 1913 has greatly promoted sentiment in favor of the birds, and 95 per cent of the sportsmen are said to abide by the terms of the law. But this statute had no provisions for effective enforcement. This is up to the individual states, all of which should now pass laws co-operating with the federal government in this matter.

Shooting an insect eating bird is about as good sense and sport as killing the dog that protects your home from burglars. One reason for high cost of food is that pests have destroyed so much of the crops. Save the birds that eat the bugs!

A New York newspaper all offers \$2000 a year, breakfast in bed, and a limousine, to a "buddy to assist in housework." As exclusive use of the parlor was not promised, it is not expected there will be any answers.

Many people feel that the man who invests his money in providing public utilities and the facilities of modern civilization, is an enemy of the community and should be hampered in every possible way.

The Kaiser, placed on trial, will give a thrilling and heart moving account of how 130,000 Teutons were attacked by 7,000,000 Belgians and compelled to fight against their will to save themselves.

As usual a large number of people who are living in comfort and luxury expressed entire confidence in the ability and willingness of George to put up the money to bring the others home.

In the cities they are longing for the joyful songs of the birds and the odor of freshly turned up earth while in the country they are longing for the white lights and the excitement of the crowd.

The American people everywhere are giving a less than warm welcome to the oppressors of all nations who have over here loaded up with trouble in their inside pockets.

The government says cost of living has fallen 2 per cent, but an examination of the May 1 bills with the aid of a powerful microscope has failed to detect the same.

It is proposed to relax on the college entrance requirements, but good college law and spiritual patchers have not been complaining much about them.

It is not true that the tax on perfume applies to the phosphate fertilizer which you smell in the rural districts.

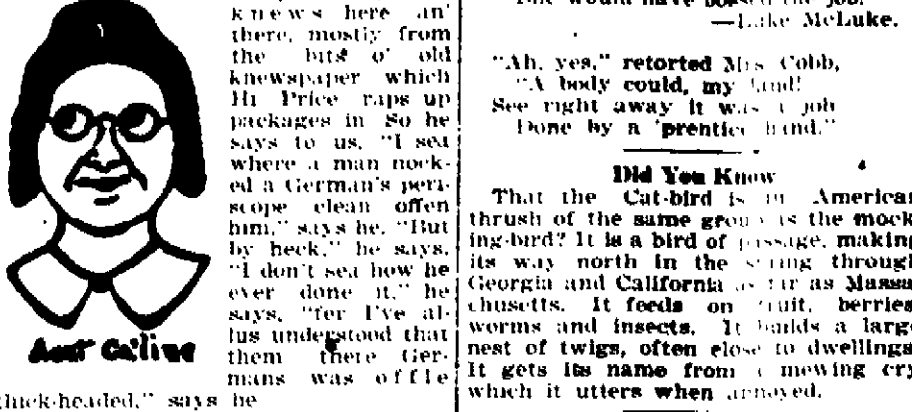

There is a widespread idea that a free country is a place where every one is free to commit any old kind of crime.

SENATORS AND THE TREATY.

(Cleveland Plain Dealer.)
Critics who insisted that the peace conference was treating Germany too leniently have their complete and convincing answer in the published summary of the treaty which Germany has been given fifteen days to sign. It is leniency the word needs a new definition. The Hun draining the dregs from his cup of humiliation labors under no illusion that undue mercy has been shown him.

As yet too soon to know what effect the publication of this summary will have upon public sentiment in the United States, but it is difficult to see how any other sentiment than one of relief and gratification can be engendered by its perusal. The representatives of America and her allies at Paris have done an extremely difficult piece of work so thoroughly well that it will be difficult if not impossible for petty faultfinders longer to pebble their crucified and contrast with the achievement of the treaty the attitude of politicians in America who would make political capital by opposing its ratification in the senate must appear picaresque indeed.

Senators who claim to be patriots and Henry Cabot Lodge move to kill the league of nations proposal find now that the league has been made an integral part of the general treaty, its provisions interwoven into the terms of Germany's renunciations and its establishment so essential to the proper fulfillment of Germany's manifold obligations to the world that no American in his right mind will care to take the risk involved in its rejection.

This is the greatest piece of treaty-making in the history of nations, and Americans are proud of the part their representatives have had in settling the terms to be imposed upon the country which sank the Lusitania and crucified Louvain. At every point of the long work of preparation America's disinterestedness has been apparent. We have asked nothing for ourselves. We entered the war for no material advantage; we emerged into peace with the purpose unchanged.

Consideration of the treaty, including the league of nations provisions, can no more be made a partisan issue than fighting the war or fixing the terms of the armistice was a partisan undertaking. Senators or others who would now seriously propose to reject the treaty would be instantly accused of trying to seek partisan advantage for the great political contest next year. Not without reason they would be charged with continuing their former effort to put the president of the United States in a hole.

Senators cannot afford to play politics with the peace of the world. If Mr. Lodge's thirty-seven do not already appreciate the fact their attention will certainly be called to it when the people of the United States have had opportunity to read an digest the tremendous piece of world statesmanship which the German delegates are now carrying back to Berlin.

THE IDEAL AND THE REAL.

(Rochester Post Express.)
According to one acute observer among the Americans in Paris, Europe is beginning to realize that America's commercial and industrial might and military strength make her a world power on which European nations believed round with enemies cannot afford to rely.

This is the situation forever recurring in human affairs. The ideal is impracticable until conditions approach the ideal exist. What city in America can rely on moral forces to keep it free from crime? What citizen finds the time of virtue a sure protection against rogues and thugs? We tell our boys to be good and patriotic people and we tell them to fight. The contradiction is good but England feels that the Hun war fleet has been a disaster. France will sleep soundly in a scientific frontier. Italy will not let its harbor may be used to the advantage of the enemy. The United States, after experience, has learned that what protection of the world's peace promises to be good in theory.

There is a lesson in life with nations which is a cruel lesson with individuals. A Hun and a Frenchman and a Thug remain the same. The golden rule is beautiful and it is equally beautiful for men and for nations. The conduct by it, however, is a thing that all men and nations can do. Humanity has not yet found the path. There are too many rogues and thugs who have not learned the lesson of the golden rule. The most practical government on earth does not permit its citizens to do as they please. It guarantees its citizens the right to life, liberty and property and it takes all the steps necessary to protect themselves. No nation can be a league of nations guarantee its citizens liberty hence they should be per-

It would be even a greater puzzle were the House of Representatives to fail to unseat Berger at the first opportunity. If Republicans and Democrats in the House will hearken to the sentiment of their constituents Victor L. Berger will not sit as a member of the sixty-sixth congress.—Cleveland Plain Dealer.

 SHOE EXPENSE

"Many months of comfort at little expense" is the way Charles A. Pearson of San Diego, California, sums up his experience with Neolin Soles. Mr. Pearson had two pairs of shoes resoled with Neolin Soles, and after wearing them for twenty months writes "I will have to get new shoes sometime, but so far as the soles are concerned, that time seems as far distant as when they were new."

NEWARK MAN FINDS
 QUICK RELIEF FROM
 STOMACH DISTRESS

When a man whom you know has had a wonderful experience in getting well of stomach trouble, you ought not hesitate over using the same treatment. Read what L. B. Sines says about it:
 "In 1912, when I began feeling ill, I was suffering from indigestion, and felt that all the time I was being tormented by a bad case of stomach trouble. In 1917 I weighed 115 pounds and was recommended Dr. Parker's Treatment for Indigestion and Constipation. The first box gave me immediate relief and a few boxes made a well man of me. I now weigh 145 pounds and feel as well as I ever did."—L. B. Sines, care of Ohio Cigarettes.
 No matter how severely you suffer, or how inconsequential indigestion seems to you, there is grave danger in letting it run along. Your stomach supplies you with the nourishment on which all of your life depends. If that ferment is instead of digesting, your blood is poisoned and you begin to suffer from backaches, headaches, sleeplessness and weariness. Unless this condition is corrected, rheumatism, kidney troubles and other suffering follow. Many a helpless invalid owes his troubles to the beginning of indigestion.
 And it is all so unnecessary. Many years of study convinced Dr. Parker of that, and his researches have resulted in so successful a remedy that it is sold on a guarantee to satisfy you or refund your money.
 Dr. Parker's Treatment for Indigestion and Constipation, \$1 a box, at all druggists.
 Prepared and guaranteed by Geo. B. Parker, M. D., Athens, O.

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.
 Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach trouble.
 If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.
 Dr. Edwards' Olive Tablets are the purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.
 Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

 Granville, May 23.—A social was given Friday evening in Recital hall by members of Delta Omicron the Musical Society and Phi Nu Alpha, the local chapter of Sigma Phi Epsilon, followed by a reception in the Conservatory parlors to which a few guests from the village had been invited. The rooms were decorated with masses of dogwood blooms, and elegantly lighted with colored lamps. Rose sherbet and cake were the refreshments served.

The program numbers were well chosen and beautifully interpreted by the performers.
 Miss Elizabeth Evans opened with an organ number.
 Miss Cornelia Ellis sang, "The Angel Serenade" with violin obligato by Stanley Weller.

A trio composed of Miss Laura Crayton, Miss Miriam Galloway and Miss Margaret Seasholes sang, "A Dreaming Rose" and "The Golden Star."
 Miss Ellen Bennehoff played a group of piano numbers, including "Polonaise" and a Chopin "Nocturne."
 Ralph Meade gave a violin number with piano accompaniment by Prof. K. H. Eschman.

A trio composed of Miss Ellis, Miss Seasholes and Prof. R. W. Soule sang, "My Love She Needs No Jeweled Shrine."
 Miss Malagras Hernandez sang a group of Japanese songs, and responded to her encore with a native Philippine melody.

Prof. R. W. Soule, head of the voice department in Denison Conservatory, sang a group of tenor songs with splendid effect. "The Bitterness of Love" by J. P. Dunn, and "Oblation," responded to each number. Prof. Eschman at the piano. Alvah Schumaker closed the program with an organ selection.

Special guests of the occasion were the Phi Gamma Delta mothers who were being entertained this week by the Delta chapter.
 Despite the depressing weather, the home of Chi Psi Delta sorority was the scene of festivity from 3:30 to 5:30 Friday afternoon, when 150 of the 225 women invited attended the afternoon reception. The 20 active members of the sorority received the guests, and refreshments were served in the sun parlor.

The Pan-Hellenic council and the faculty of Denison have decided against rushing of academy students by the national fraternities at Denison, and the penalty for violation of the new rules is suspension of the offending fraternity from the Pan-Hellenic association for such period of time as the assembly shall direct.

GRANVILLE

(Special to the Advocate.)
 Granville, May 23.—A social was given Friday evening in Recital hall by members of Delta Omicron the Musical Society and Phi Nu Alpha, the local chapter of Sigma Phi Epsilon, followed by a reception in the Conservatory parlors to which a few guests from the village had been invited. The rooms were decorated with masses of dogwood blooms, and elegantly lighted with colored lamps. Rose sherbet and cake were the refreshments served.

The program numbers were well chosen and beautifully interpreted by the performers.
 Miss Elizabeth Evans opened with an organ number.
 Miss Cornelia Ellis sang, "The Angel Serenade" with violin obligato by Stanley Weller.

A trio composed of Miss Laura Crayton, Miss Miriam Galloway and Miss Margaret Seasholes sang, "A Dreaming Rose" and "The Golden Star."
 Miss Ellen Bennehoff played a group of piano numbers, including "Polonaise" and a Chopin "Nocturne."
 Ralph Meade gave a violin number with piano accompaniment by Prof. K. H. Eschman.

A trio composed of Miss Ellis, Miss Seasholes and Prof. R. W. Soule sang, "My Love She Needs No Jeweled Shrine."
 Miss Malagras Hernandez sang a group of Japanese songs, and responded to her encore with a native Philippine melody.

Prof. R. W. Soule, head of the voice department in Denison Conservatory, sang a group of tenor songs with splendid effect. "The Bitterness of Love" by J. P. Dunn, and "Oblation," responded to each number. Prof. Eschman at the piano. Alvah Schumaker closed the program with an organ selection.

Special guests of the occasion were the Phi Gamma Delta mothers who were being entertained this week by the Delta chapter.
 Despite the depressing weather, the home of Chi Psi Delta sorority was the scene of festivity from 3:30 to 5:30 Friday afternoon, when 150 of the 225 women invited attended the afternoon reception. The 20 active members of the sorority received the guests, and refreshments were served in the sun parlor.

Overland Car Makes Splendid Record

When Linn Mathewson, with Dick Carhart beside him, drove an Overland stock car, Model 50, up the plank road to the top of the hill at the Lee-Hookins hotel in Oklahoma City, Okla., Saturday evening, April 5th, a new world's record for automobile performance had been established.
This Overland Model 50 had been traveling then continuously for seven days and seven nights, in rain and fair, over muddy country roads and slippery city pavements and through the traffic of a busy city. The motor had not once been stopped, nor had it missed a single explosion in 148 hours of continuous running. There was no gear shift lever for the driver. That had been removed and the gear sealed in high. Four thousand three hundred and seventy miles in seven days. In this seven day non-stop gear-sealed-in-high run, the car had traveled 4,370.1 miles. That breaks the world's record by 129.1 miles. And the previous record was made in Los Angeles as far back as 1914.
Traveling a distance equal to a trip from New York to Los Angeles and back again to Oklahoma, approximately one-half of the way around the world, the Overland 90 re-established in this remarkable run its full claim to the title by which the public best appreciates it, the "Thrifty Car."
F. M. Rugg is the local agent for the Overland car in Newark. 5-10-11x

166TH REGT. LATE REACHING CAPITAL

Uncertain That Parade Would Be Held Today—Newark People in Columbus.

Columbus was all ready and waiting for the arrival of the 166th Regiment of the Rainbow Division today. Everything was ready for the big celebration, but up to noon the regiment had failed to arrive in Columbus, although scheduled for early this morning.
Many Newark people who had friends and relatives with the regiment and the members of the Old Guard left at an early hour for Columbus. The town was full of delegations from Chillicothe, Lancaster, Delaware, Greenfield, London and Chardon, all of which have companies in the regiment.

There is a possibility that the parade cannot be given today, and if so it will be a late hour. Also there was talk of holding the parade over until Monday.

The regiment was sent from New York by the way of Cleveland. The first section of the three sections carrying the regiment arrived there from Buffalo at 9:10 a. m. eastern time and after being served lunches by the Red Cross, left for Columbus at 10:20. It was not scheduled to arrive until 1:30 this afternoon, or a half hour after the parade was to start. The second section arrived in Cleveland at 11:27 and left 12:30 eastern time.

The third section left Cleveland at 12:58 eastern time, and will not reach Columbus until late this afternoon.
From early morning it was a gamble with the weather man and train schedules as to whether Columbus would stage the big welcome. Thousands of Ohioans were in the city to greet the veterans of all the biggest battles. Special trains were run from Marion, Washington C. H., and Marysville.

RAINFALL IS 2.64 IN. SINCE LAST MONDAY

According to the government rain gauge owned by Dr. L. E. Davis of Granville there has been a rainfall of 2.64 inches since Monday. On the 5th 1.17; on the 10th 1.03, with a total of 2.64. On the other days this week, there was only what is known as a trace, or not enough to register. The rainfall for the month was on May 1st .64; and on the 2nd, .23.

The heavy rain of last night, following the intermittent showers that followed the streams about Newark to nearly 100 their beds.
At the South York, this morning the water was over the gravel bar, and over the bank into the first fields at Second street. It was up but a short time however, and receded during the morning hours.

OLD PRICE LIST SHOWS CONTRAST IN COSTS

Groceryman J. C. Brown exhibited a price list of groceries today which was printed by the Advocate just 16 years ago at which time he advertised 25 pounds sugar for \$1.25 and today it sells for \$2.64. Lard was worth 12 1/2 cents per pound and today retails at 35 and 40; pork chops sold at 10 and 12 1/2 cents and today retail at 40; four cans of tomatoes could be purchased for 25 cents and today sell for \$1.20. There was a big list of moderate prices and today the same goods cost from 50 to 500 per cent higher.

BALLOON RACE WILL START LATE TODAY

(Associated Press Telegram)
Akron, May 10.—Preparations were under way at noon to start the navy free balloon race from the local aviation field at 4 o'clock this afternoon. The rain had stopped at noon and winds were reported favorable.
Seven pilots were ready to start. The entries are: Lieut. H. W. Hoyt, naval aviator; Gunner John H. Hays, Cleveland; Ensign C. E. Earl, Goodspeed; Lieut. J. M. Malone, Chamber of Commerce; Ensign P. D. Collins, ex-navy man; Lieut. E. R. Rugg, department of superintendent construction of aircraft; and Lieut. Richard Howarth, Sherwin Williams.

WILSON STILL OPPOSED TO ITALY'S CLAIMS

(Associated Press Telegram)
Washington, May 10.—Reports from Paris that President Wilson had committed himself to a proposal to settle the Fiume dispute by giving the city to Italy after 1922 were made in dispatches to the White House today to be "absolute fiction."
It appeared from today's advice that the president had not decided the slightest from his original stance in opposition to Italy's claim to this Adriatic port. Other dispatches from Paris said the president would personally address congress and discuss the "Fiume" matter on the Paris negotiations immediately after his return to the United States. It is understood that the president is being urged by his advisers to make a speaking tour of the country after he addresses congress.

RUTHENBERG CASE SET FOR MAY 20

C. E. Ruthenberg.
The trial of C. E. Ruthenberg, Cleveland, Ohio, Socialist who organized the May day parade in Cleveland which ended in bloody riot, has been fixed for May 20. He is charged with assault to kill. Ruthenberg was his party's candidate for mayor of Cleveland several times and he recently served a term in prison for violation of the espionage law.

COMMISSIONERS VIEW SITE FOR HOSPITAL

The county commissioners went to Black Hand shortly before noon where they expected to meet the Fairfield, Perry and Muskingum commissioners and inspect a site for proposed sanatorium for tubercular patients, the four counties to share jointly in its construction. The Licking officials have an option on 200 acres and there are more than 200 more acres available for this purpose.
Accompanying the local officials was H. H. Shiner of Columbus, representing the state board of charities and inspecting the site. The board of health was also expected to be present as the state board must approve the site and plans for the buildings, which would consist of a main or administrative building and a number of cottages for patients, to be added as necessary.

KENTUCKY OFFICER TAKES GIRL HOME

An officer of the juvenile court of Mayfield, Ky., arrived in the city this morning and returned this afternoon with Corina Rankin, aged 17, who ran away from home the first of the week, giving as her reasons for leaving that things were not pleasant at home and she wished to get out in the world and earn her own living. The father telegraphed here and requested Chief J. A. Sheridan to hold her until she could be returned.

DOUCE RECOVERS SIGHT LOST IN GAS ATTACK

Harry Douce, formerly of this city, is expected to arrive in this country from France soon, according to advices from the war department by his brother Frank Douce of Columbus recently. Douce spent a great deal of time in Belgium and while on the battle front was a victim of mustard gas, becoming totally blind for a period of three weeks. He was sent to a base hospital and has fully recovered and has been assigned to a casual company for early convey.

ADVERTISING PLANE STOPS FOR REPAIRS

A big airplane on its way from Detroit to New York yesterday afternoon about 3:30 o'clock the pilot having engine trouble. It came down on a farm just east of the Lamoine pike and south-east of the new Franklin addition. The airplane was a biplane and the pilot, a young man, was injured. The plane was damaged and the pilot was taken to a hospital. The plane was later recovered and is being repaired.

GERMANS PROTEST AGAINST SHIPMENT

Berlin, Friday, May 9, via Copenhagen.—The German government yesterday handed a note to the allied armistice commission at Spa protesting against the transport of munitions by the way of Danzig by the American foodstuffs commission of motor cars, rubber tires, sewing machines and other material destined for the German army. The note contains a demand that the German government be notified of the shipment of any further material.
